Re: Exciting programs for your patients with chronic pain!

Please allow me to introduce myself. My name is Ken Stiller and I am a Licensed Physical Therapist. I have a special treatment/program available to your patients and members of our community that addresses the problem of *chronic pain that doesn't respond to conventional therapies*.

The program name is the *830Laser Treatment for Chronic Pain*.

The revolutionary new technology is changing the way most musculoskeletal problems are treated. It has been FDA approved and has a *78% success rate!* I am the only one in this region who offers this exciting treatment program and have already helped hundreds of patients who have tried and failed other therapies.

I would be happy to interview with you and invite you to my [clinic/office/facility]. I can be contacted at 800.456-5758 between the hours of 8:00am to 5:00pm. I hope to hear from you soon.

Sincerely,

[Your Name, P.T.]
