This is NOT a temporary treatment. If you don't reinjure the area the pain should stay away! It combines the power of the 830Laser and massage to tap into your **body's own healing power**. True healing. The 830Laser uses light (photons) to create accelerated healing and pain relief. No heat is generated so **it is safe** for use anywhere\* on the body. Once the photons find the injured tissues, they stimulate and energize the cells to **repair and strengthen** at a remarkably fast rate.
